Incentivized Review

Makes Mowing not so much of a chore!!!

For 11 years I have been mowing with a Kubota BX, 54" deck. What used to take me 3hrs I can now do on the 2000 series in 1.5 hours. I did have a couple of issues the first time out. The battery light came on while running the mower deck. Also had a vibration in the deck. Took it back to the dealer and they found a wire to the rectifier wasn't connected. The mower deck had a couple of idler's that were not tightened correctly. Minor problems were resolved quickly by the service people at Ebys lawn and garden. Keith gave me a loaner just like the one I purchased so I could keep up with the grass. What a great crew they have! All and all I am very pleased with the power from the Kawasaki engine. The My Ride is world of difference coming from a tractor with stiff springs on the seat. Kudos to you guys for a great machine.

nice mower, no arm rests?

I bought this mower a few weeks ago I do like it but for the price it should have arm rests I am disappointed about that
