CHUTE ROTATION

Meteor Snowblowers get the snow out of your way and put it where you want it. Our chute rotators come in manual or our new bolt on hydraulic.

MANUAL >

SKID SHOES: For even more protection of surfaces and your blower, bolt on skid shoes are available as an option.

HIGH TENSILE STEEL RIBBON FLIGHTING - To make sure you get the longest dependable service from your blower all Meteors have the highest quality High Tensile Steel Ribbon flighting on the augers for biting strength to chew through snow.

FOUR BLADE FAN: The Meteor four blade fan is ruggedly designed and built to quickly and consistently blow the snow out the chute.

GEARBOX: The heart of Meteor's power train is the time-proven Comer gearbox.

CHUTE DEFLECTOR: All models give you even more control with a chute deflector that is adjustable. Make your blower even more convenient with the hydraulic option.

MANUAL

HYDRAULIC

1000 RPM PTO KIT: For the 97 and 108 models, a kit is available to allow larger tractors to run at 1000 RPM PTO. The kit also allows the pto to run straighter and therefore more efficiently.

MULTIPLE COLORS: Meteor Snowblowers are available in five colors to fit the way you work.

3PH QUICK ATTACH COMPATIBLE: All models are built standard with 3 point hitches in Category 1 or Category 2, and are completely compatible with Quick Attach.
