

WOODS[®] QUICK HITCH

MEDIUM-DUTY QUICK HITCH

PERFORMANCE GUIDE

Makes changing 3-point equipment on your tractor a breeze.

TQH1 Quick Hitch *for tractors with Cat. 1, 3-point hitch*

The Woods[®] TQH1 quick hitch joins the Woods' line of attachments designed to make easy work of changing from one 3-point attachment to another. When hooking up to many implements, you never have to leave the tractor because lower hooks automatically lock implement into place.

The TQH1 comes standard with a bracket for use with attachments that have a floating top link.

Don't forget, Woods offers a wide variety of equipment that can be used with your quick hitch such as rear blades, box scrapers, landscape rakes, disc harrows, pulverizers, aerators, seeders, tillers, chippers, cutters and more.

Key Features

- For use on tractors with Category 1, 3-point hitch
- Heavy-duty steel construction
- Adjustable top link ball bracket
- 7/8-inch mounting pins and adapter bushings
- Lower arms lock automatically
- Fast, easy attachment and release
- Designed to ASAE Quick Hitch standards
